COVID-19 Testing Available At Dulles International Airport

Dulles International Airport currently offers on-site COVID-19 testing through XpresCheck. The pre-security testing facility, which is **located on the baggage claim level near door #2, is open daily from 8:00 a.m. to 6:00 p.m. Testing options include a rapid test, with results available in as soon as 30 minutes, and a PCR test, with results available in one to three days**. Passengers who are obtaining a rapid test for travel the same day should allow for at least two hours of testing prior to checking in their flight.

For additional information, pricing or to make an appointment, visit XpresCheck.com and select "Virginia - IAD."

Covid-19 Testing Available At Reagan Airport

XpresCheck is committed to helping protect America's airports—and the health of everyone who passes through them—with fast, accurate COVID-19 testing right at the airport. They offer two different COVID-19 tests for patients age 5 and older, including a rapid test that provides results while you wait. COVID-19 testing is **available every day from 8:00am – 6:00pm in pre-security near Terminal B at Reagan National Airport.**

Please visit XpresCheck to learn more about these tests, pricing or make an appointment before arriving.

Here's how it works:

Schedule your appointment online at XpresCheck.

Registration forms, emailed from XpresCheck should be filled out before the appointment. Paperwork should be printed, filled out and brought to the appointment, which minimizes time on-site, helping to keep everyone safe. Please allow up to 24 hours after scheduling the appointment for paperwork to arrive.

Arrive no more than 5 minutes before the appointment time. Bring completed forms, a valid ID and a method of payment. Face coverings are required at all times inside the airport, including in the XpresCheck testing area, and please be sure to follow social distancing rules inside the testing facility, including while queuing.
